PROJECTS

College Website

The edusity Website is designed to serve as a central platform for providing information about the college, its programs, and campus life. The website aims to enhance communication with prospective students, current students, faculty, and alumni by offering a user-friendly interface and comprehensive details about the college.

Movie Booking Website

The Online Movie Ticket Booking System is designed to streamline the process of booking movie tickets for users. The system will provide an easy-to-use platform for selecting movies, choosing seats, and completing transactions.
